Sweetwater County Travel & Tourism Launches Historic Scavenger Hunt App to Celebrate America's 250th Anniversary

ROCK SPRINGS, WY – In celebration of the United States' Semiquincentennial Sweetwater County Travel & Tourism is proud to announce the launch of the new Sweetwater Historic Scavenger Hunt App. This interactive experience invites locals and visitors alike to commemorate the nation's 250th anniversary by exploring the stories, places, and people that helped shape the rugged landscape of Sweetwater County.

"Whether you're a history buff chasing the past or a family looking for a new way to explore our beautiful backyard, this scavenger hunt is your guide to discovering why Sweetwater County has so much to explore," said Jenissa Meredith, CEO of Sweetwater County Travel & Tourism.

The Sweetwater Historic Scavenger Hunt App serves as a digital guide to the hidden gems and legendary history found across the county's wide-open spaces. With each check-in location, participants will unlock fun challenges, learn fascinating facts, and explore the surrounding communities that make the region unique.
